## OUR STORY

After years of sold out Saturdays at the market, we realized we needed a bigger pit.

A lengthy search brought us an Oyler Smoker capable of turning out 1800 lbs. of meat, aka our "Big Red."

We traveled throughout Texas and beyond in search of 'cue nirvana. We shared learning, swapped stories, and traded tips with some of the country's finest pit masters.

Knowing to "never trust a good idea until it survives the hangover," daybreak came and we kept at it. Many months and a 7-story smokestack later, Brick's was born.
